After the revised Road Traffic Law goes into effect in June 1, short-term parking in restricted areas will no longer be tolerated. Make sure what the new law is.

The regulation against illegal parking has been tightened.

1 Police officer and private parking wardens crack down on illegal parking.

A private parking warden has the same status as police officer. They put on the uniform that printed the logo of "SAITAMA PREFECTURAL POLICE" and "PARKING WARDEN". Illegal parking is checked by them. After confirmation, a yellow sticker is affixed to the offending car. Then, a parking violation becomes official and you have to pay a fine.
