

There are lots of enjoyable activities at public facilities.

A group activity at public hall or exchange center can help you find friends or hobbies easily.

The public hall and exchange center are bases of the free activity by citizen. The person who wants to learn and the person who teaches get together there and expand the wave of exchange.

If you want to learn Japanese culture, expand the range of hobby or find friends, why don't you go to a public hall or exchange center and join a suitable group activity.

Ms. Sharon

who joins "SEISAIKAI" at Oi Central Public Hall, Fujimino-city

Ms. Sharon Wan wanted to start something new since she came all the way to Japan. Then she joined the painting club "SEISAIKAI", which is a group activity at Fujimino-city's Oi Central Public Hall, through Ms. Ishi who is the head of the Fujimino International Cultural Exchange Center. Though only six months had passed since she started the club activity, she submitted the work to an exhibition. I had an impression that her painting told a lot about her character with gentle strokes. Ms. Sharon said "The club activity is enjoyable and impressive for me. I speak only English. However, I can spend an enjoyable time with members of the group. It's wonderful!"

Ms. Sylvia from Germany

Under the spell of WADAIKO (Japanese drum)

Germany woman, Ms. Sylvia came to Japan in April last year. She is a keen student of Japanese class at Fujimino International Cultural Exchange Center. She wanted to be exposed to Japanese cultures since she came all the way to a longed-for place, Japan. She is absorbed in playing Wadaiko (Japanese Drum) lately. "The sound of Wadaiko is unique. I want to play Wadaiko together." With such a feeling, she decided to join the Wadaiko club "Fukuoka Daiko". She plays Wadaiko by means of gestures. Another international cultural exchange is just about to begin!
