FICEC waits for foreign children and youths who want to work in Japan. Let's study together!

Staffs in FICEC will teach Japanese and help studying for foreigners from 6 to 20 years old to support study foreign children who want to work in Japan.

We support those youths who live in Japan so that to be able to study same as Japanese, to gain basic knowledge, and to grow up having their dream.

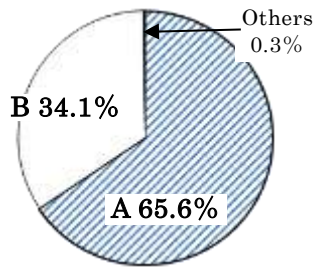

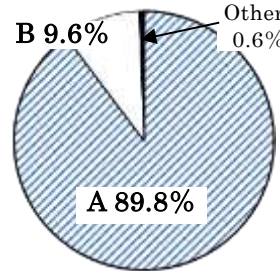

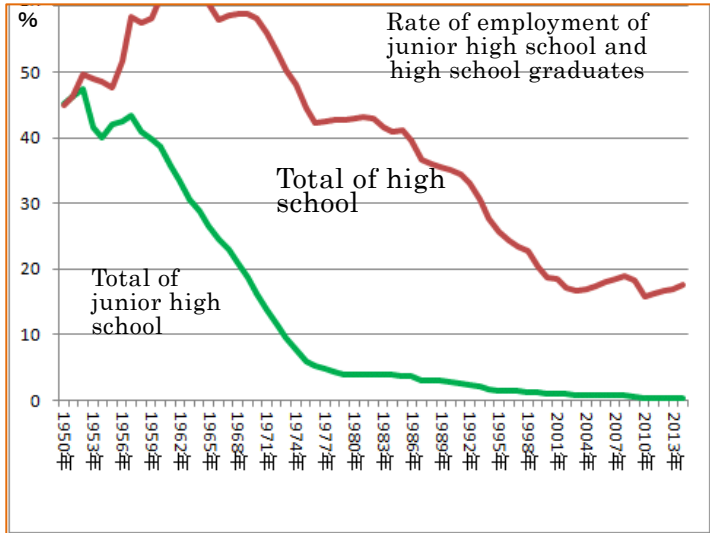

Students of elementary school, junior high school, and high school can study on Saturdays, from 9:00 to 12:00. Former teachers and university students will teach your home works. They will also teach you to the midterm and end-of-term test. If you dropout from high school or do not go to school, or you cannot find job because you cannot use Japanese well, come to FICEC from 10:00 to 12:00 a.m. and 2:00 to 4:00 p.m. from Monday to Friday.

high school graduates are hard to get job actually. Most of junior high school graduates get works listed in group A as shown below, such as to work using their body. Room for choice of work is very narrow.

Staffs in FICEC will help foreigners who live in Japan now to acquire basic academic skills so that to be able to get desired work in Japan. Do come to FICEC and study together!
 Writer: ISHII Nanae, Chief Director, FICEC

Contents of work

- A - Sales, service, maintenance, transportation, skilled craftsman, manufacturing and construction work

Pamphlet of how to take trash out is available in five languages

Avoid troubles with your neighbors by checking it

This pamphlet explains how to take trash out simple and easily and is issued by Fujimi-shi in 2015. It indicates that various garbage taken out from daily life should be separated to combustible trash, non-combustible trash, and recyclable trash.

This pamphlet is written in five languages including easy Japanese. As how to take trash out differs in each local city, you should check it well. Keep this pamphlet at hand and be sure to check it on the day to take out trash. Such pamphlet is prepared in various languages also in Fujimino-shi and Miyoshi-machi.

Health check in 2015 has started. Take care for your health!

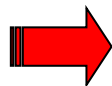

How many of you will take health check when you think you are healthy? It is important to find disease while it is very slight. Health check started for this year. If you are working, you can take health check at your company but there are very few who takes health check individually. For the individual health check consultation charges, consultation method and dates differ according to the health examination.

Some of you may think it is bothering and feel fears for the result but the trouble to take the health check is small compared to the troubles and fee after you get sick. Let's take the health check in this occasion.

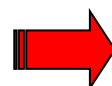

- **Name of health check and health check fee** (there are age requirement in some health check)
Lung cancer examination (¥500), colon cancer examination (¥500), cervix cancer examination (¥1000), risk of stomach cancer examination (¥500), health check (free), hepatitis virus examination (free), dental health examination for adult (¥500), dental health examination for pregnant woman (free). Welfare recipients are free to have health check

- **Consultation method of individual health check**

Reserve by phone during the health check at the medical institution

Bring health insurance card or identification of welfare recipient and have a health check

Interview with a doctor and receive the health check result
